

ROBERTSON RENT-ALL

POWER ELEVATED WORK PLATFORMS

Aerial work platforms are becoming more popular as they offer a safer way to work at heights. Operating these devices safely requires knowledge, skill, and serious commitment to safety.

Our course is designed to provide operators with the knowledge and skill to be able to operate the equipment safely and efficiently. Additionally, this course includes a full module on the use of fall protection equipment in connection with use of aerial work platforms.

COURSE HIGHLIGHTS

- Identify hazards specific to the operator and environment
- Perform pre-operational inspections
- Perform safe operating practices
- Identify fuel source hazards

\$170/ea
