

# ROBERTSON RENT-ALL

## FORKLIFT CLASS 5

Lift trucks and mobile equipment accidents are preventable and unacceptable. Their widespread use requires that individuals working on, and around, lift trucks recognize hazards associated with the equipment and the environment in which lift trucks are operated.

This comprehensive course gives participants the knowledge and skills to competently operate lift-truck equipment.

### COURSE HIGHLIGHTS

- Identify hazards specific to the equipment & environment
- Discuss competency requirements & general responsibilities
- Explain stability principles
- Perform pre-operational checks
